Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The present invention is drawn to a mixer utilizing first – fourth transistors, first and second signals, first and second parallel resonant circuits and a composite resonant circuit recited in claims 1-6. None of the prior art disclosed or suggested to show the particular structure and/or the particular operation recited in these claims namely: the combination of “first and second transistors which constitute a balanced oscillation circuit with their respective emitters connected with each other”; “ a first signal is inputted between a base of the third transistor and a base of the fourth transistor in a balanced way”, “wherein the third transistor and the fourth transistor mix an oscillation signal with the first signal” and “wherein a second signal is outputted from the third transistor and the fourth transistor in a balanced way” as recited in claim 1.

The prior art references cited on PTO-892 are for interest and documentation purposes only. Many of the prior art reference of record show a mixer circuit comprising first – fourth transistors, first – second signals. However, the references lack at least one of the claimed limitations. Therefore, the claims are patentably distinct over all the prior art references of record cited on the attached PTOL –892.

The prior art reference submitted by the applicant on IDS form received on 07/28/03 was reviewed and considered. This reference appears to be the best reference with respect to the claimed invention (e.g. mixer circuit). However, similarly as noted above, the combination of “the first – fourth transistors”, “the first and second

signals" is not disclosed. Therefore, the claims are patentably distinct over this prior art reference of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
